# Refer a ~~Friend~~

Here, at the collective, we pride ourselves on how many of our clients recommend us to friends and colleagues. We value your confidence in us enormously. Client recommendations account for our main source of new business so it's high time we said 'thank you'.

With this in mind, we're launching the collective refer a designer incentive. So for all the nice things you say about us, we'll reward you with 'collective hours'. Let's explain how that works.

If you talk to anyone about the collective, who then gets in touch with us and requests a meeting or gives us a project to tackle, we'll offer you 'collective hours', which you can use for your own projects.

If you know someone who might benefit from our services, there has never been a better time to pass on our details.
